

Congress Communiqué

Update - April 2001

Founded on Canada Day, July 1, 1996, the Congress is a grass roots organization dedicated to encouraging all Canadian women to become strong, effective voices at all levels of government, whether as candidates, elected officials or as lobbyists for change.

The Congress' mandate is to get women involved in the process...whether it's simply to educate themselves on the issues or the candidates in their area, to participate in the community by joining a local civic board, to work on an election campaign or run for office. The Congress encourages and supports women who wish to participate in the process.

News Release

The Premier of British Columbia has “dropped the Writ”. An election will be held in BC on May 16, 2001. We encourage each of you to participate in the process. Below is a list of the women candidates sorted by riding, who are running in the upcoming election (with contact information, as available). If you are interested in assisting any of these candidates (even if only to stuff envelopes), we suggest that you contact them. If nothing else, please exercise your franchise by voting in the upcoming election.
